

VISUAL X-port

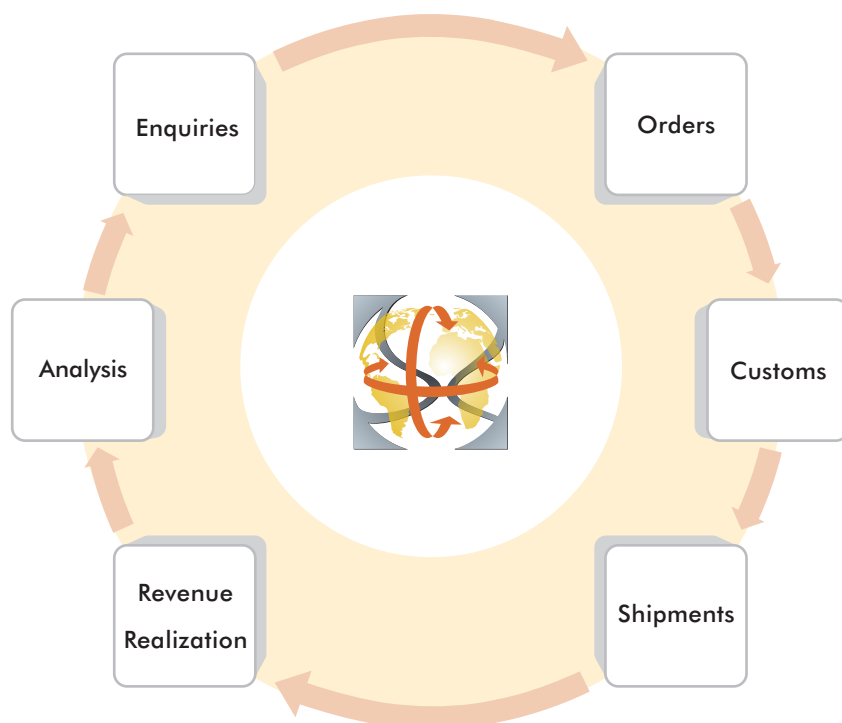

As an exporter, you focus on identifying opportunities and achieving growth, which requires your attention on many different fronts. From finding opportunities, to fulfilling them, to managing statutory procedures, and coordinating with the many different agencies involved. In this endeavor your two main allies are, information and compliance. Information about your business, clients and vendors that will help you to analyze and grow your business. Compliance to all the different exports related procedures in a convenient and organized manner.

This is where Visual X-Port from Softlink comes in - your most valuable ally in managing exports. Visual X-Port is a unique software product that can actually help you to achieve profitability and growth in your exports business.

**A software solution that enables complete
Export Management, Visual X-Port delivers
unique benefits:**

- Analyze your business and grow your revenues as information about previous orders, geographic patterns, vendors and customers is always at your fingertips.
- Ensure efficiency and reduce costly errors with accurate export documentation.
- Coordinate with different agencies and satisfy government stipulations.
- Manage your business and revenues by tracking orders, shipments and payment realizations.
- A user friendly product which requires almost no training.

Softlink

Softlink Logistic Systems is dedicated to enabling organizations in the logistics industry to 'simplify operations' through highly specialized software products.

Our deep domain expertise and experience in logistics and international trade, combined with strong technological know-how go towards creating truly winning products. These products deliver enhanced management control, revenue realization and accurate international trade documentation to users.

Exporters, Importers, Custom House Agents/ Customs Brokers, Freight Forwarders, NVOCCs and other logistics service providers experience a true boost in productivity and operational efficiency through the use of our products. Our success in meeting their needs is proven by our dominance among these segments in a demanding market like India.

Our products are supported by excellent support systems that serve our global customers through multiple communication channels such as telephone, e-mail, online chat and personal visits.

Visual X-Port incorporates a number of powerful features:

- Manages the complete export cycle right from enquiries to the realization of payment and facilitates only one time entry of data during the cycle.
- Generates all pre-shipment documents like Invoice, Packing List, Certificate of Origin for various Chambers of Commerce, GSP Form, Shipping Bill, EDI Annexure, SDF Form, Export Value Declaration, etc. The L/C checklist feature can be used to verify the documents created.
- Generates all post-shipment documents like Commercial Invoice, Packing List, Certificate of Origin, GSP Form, Bank Negotiation Letter, Bank Draft, Bank Certificate as per DGFT format.
- Keeps track of export benefit schemes like DEEC (Import and Export), DEPB, and Drawback.
- Prints excise documents like ARE-1, Form CT-1, Form C and Proof of Exports.
- Invoice and B/L instructions can be sent to your Customs House Agent electronically to save time and to avoid costly errors. Seamless data transfer to Visual IMPEX, the software used by majority of Customs House Agents.
- Online updates to incorporate changes made in export policy/ procedures by Government, DGFT and Customs.
- Enquiry management feature enables the exporter to send quotations, track pending, converted and rejected enquiries, and confirmed orders.
- MIS reports showing quantity/value based customer wise, product wise, month wise export flow.
- Keeps track of shipments covered under Excise Bond and the balance amount available.
- Alerts for pending payments, expiring L/C, expiring DEEC licenses

Visual X-Port has been successfully deployed in various organizations across industries - manufacturing exporters, merchant exporters, multinationals, large corporate houses and SMEs.
