

VISUAL impex

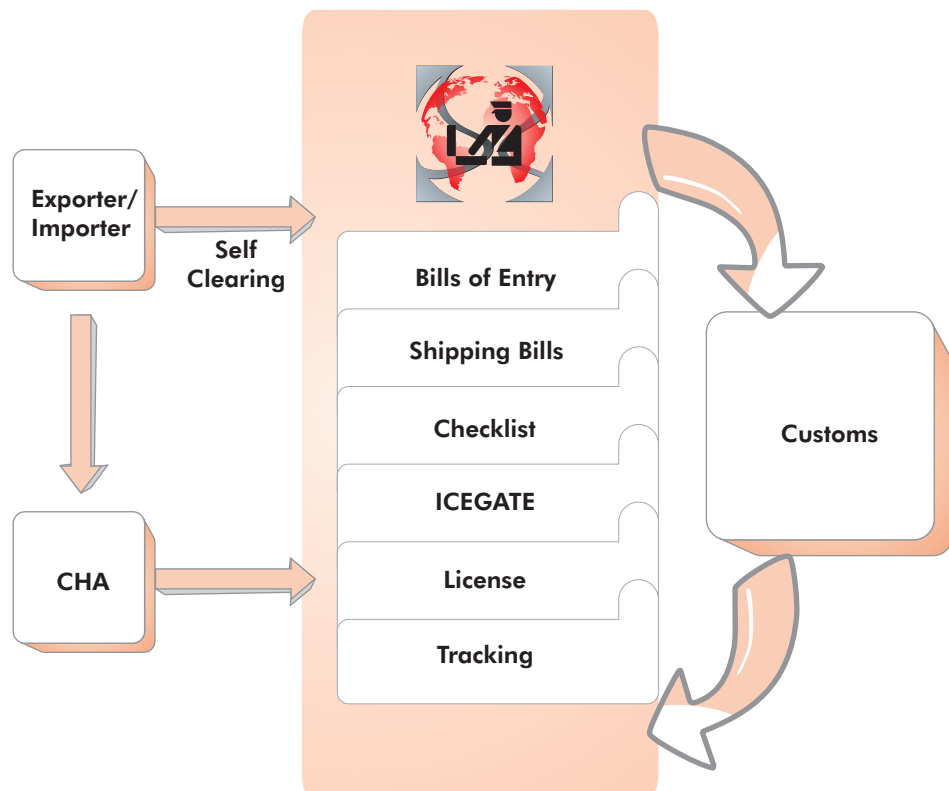

For an importer managing customs clearing independently or for a Customs House Agent (CHA) providing customs clearing services to clients, the regulatory requirements are very complex. You can be assured of meeting these requirements completely with Visual IMPEX, India's highest selling software for CHAs.

All the knowledge plus latest updates about customs compliance are built into this product, so that you can focus on managing and growing your business. Visual IMPEX is updated online for changes in customs regulations, so you are always assured of compliance. It enables you to track your consignments within customs based on pre-defined milestones and can also automatically notify your customers about the status of their jobs.

A 'Virtual Expert' in Indian customs compliance, Visual IMPEX offers a number of unique benefits:

- Enables CHAs and Self Clearing Companies to meet all statutory requirements related to Indian customs with ease and speed
- Helps in online filing of Bills of Entry/ Shipping Bills via ICEGATE as well as manual filing
- Ensures customer satisfaction by providing their job's status
- Online updates corresponding to changes in customs regulations ensures total compliance
- Facilitates management control by providing detailed job related information

Softlink

Softlink Logistic Systems is dedicated to enabling organizations in the logistics industry to 'simplify operations' through highly specialized software products.

Our deep domain expertise and experience in logistics and international trade, combined with strong technological know-how go towards creating truly winning products. These products deliver enhanced management control, revenue realization and accurate international trade documentation to users.

Exporters, Importers, Custom House Agents/ Customs Brokers, Freight Forwarders, NVOCCs and other logistics service providers experience a true boost in productivity and operational efficiency through the use of our products. Our success in meeting their needs is proven by our dominance among these segments in a demanding market like India.

Our products are supported by excellent support systems that serve our global customers through multiple communication channels such as telephone, e-mail, online chat and personal visits.
